

The Board commits itself and its members to ethical, businesslike and lawful conduct, including proper use of authority and appropriate decorum when acting as Board members. The Board acting in its legislative capacity shall have the authority and responsibility to interpret and apply these standards of conduct.

Accordingly:

1. Board members should represent the interests of the citizens of the entire community. This accountability to the whole community supersedes any conflicting loyalty to other advocacy or interest groups and membership on other boards or staffs. It also supersedes the personal interest of any Board member who is also a parent of a student in the school or who is an employee of the school.
2. Board members may not attempt to exercise individual authority over the organization except as explicitly set forth in Board policies.
  - a. Members' interaction with the Administrator or with staff must recognize the lack of authority vested in individuals except when explicitly authorized by the Board.
  - b. Members' interaction with the public, press or other entities must recognize the same limitation and the inability of any Board member to speak for the Board except to repeat explicitly stated Board decisions.
  - c. Members will not publicly make or express individual negative judgments about Administrator or staff performance. Any such judgments of Administrator performance will be made only by the Board, meeting in executive session as appropriate.
3. Board members shall maintain the confidentiality appropriate to issues of a sensitive nature, especially those discussed in executive session.
